at the Brook, our standard is a double espresso, otherwise known as a doppio

**americano** £2.7

**cortado** £2.8  
an espresso (double) served with a small amount of warmed milk, 'wet' or 'dry' to your taste!

**cappuccino** £3.0

**mocha** £3.8  
a shot of chocolate added to a cappuccino and topping it with some chocolate powder makes it a mochaccino, served in our long cups

a milkier drink than a cappuccino ("latte" means milk). It combines a ristretto shot with three or four times as much steamed milk, topped with a small head of milk foam, served in our 12oz cup

our double espresso shot with pure frothy light and delicious foam, served in our 4oz cups

microfoam is the difference here — a velvety, smooth texturized steamed milk, the difference is in the steaming of the milk, served in our 8oz cups
